RE: Trishan Patel Coaching – GOALS Football Behaviour Programme

To whom it may concern,

Royal Greenwich Trust School is a University School situated on the Greenwich Peninsula, London. The school was founded as a Free School a part of the University school trust in September 2016 out of a former University Technical College. To ensure that Royal Greenwich Trust School remains an excellent place of learning the school has established long term relationships with a number of universities situated in London and work closely with the NHS, Wates, Transport for London, Royal Borough of Greenwich and the Institute of Education. Royal Greenwich Trust School currently house pupils in Year 7 and 8 and Sixth form only. The School will reach full capacity in September 2021.

Trishan Patel Coaching has offered Royal Greenwich Trust School an alternative intervention through the GOALS Football Behaviour programme. This programme has proved to be highly effective in promoting good behaviour and attitudes amongst students. The GOALS Football Behaviour Programme led by Trishan has made students more aware of their conduct around school and how best to deal with situations. Trishan is a highly professional individual who offered a well-planned programme. He was also extremely adaptable and happy to listen and meet our needs as a school.

Trishan has worked hard with students during the course of the programme and has built a good rapport where they have given him great respect. He has promoted the importance of self reflection, choosing to change and becoming a positive role model not only in school but also in their communities. Trishan Patel Coaching offers an affordable yet well-structured range of intervention programmes so that students can improve socially, emotionally and academically. We would highly recommend the programmes of Trishan Patel Coaching to support and engage young people.

Kind Regards,

Ms Saunders
Head of Year 8 and DOL Behaviour
