Re: Trishan Patel Coaching - GOALS Programme

To whom it may concern;

Whilst at Surrey Street Primary School Trishan was found to:

- Have a very calm nature and paced himself well when talking to the children.
- Was very engaging and would pause lessons to ensure the children understood tasks and were focused and ready to learn
- He maintained control by giving the children roles (positions) in the game, pausing or giving timeouts as and when needed.
- Enthusiastic, he maintained a positive attitude and tone and encouraged all of the children.
- Adapted to the needs of the children through the use of a white board or by using clear age related language.
- Good with the children, Trishan was able to work independently for parts of the session, extra support wasn't required.
- Great to work with from an adult's perspective.

Although changes had been made to several of the children's daily routines, this could have had an effect on their behaviours. I wish to commend Trishan for setting a positive atmosphere with clear goals which encouraged the children to attend the session (no refusals) and strive for success.

Kind regards

Mrs S Jackson
Deputy Headteacher / SENCo
