Lighthouse Behaviour Provision

provision@wenlockjunior.co.uk

January 2020

The Lighthouse Provision offers behaviour support to the staff and pupils in 9 Primary schools in the East area of Luton. We are constantly seeking to put the right interventions in place to enable the pupils to be academically and socially successful and remain in mainstream school.

Trishan contacted me and we discussed the Goals behaviour programme. I felt that it would be a fantastic intervention to compliment the work we do at the Lighthouse. We commissioned Trishan to run an initial block of 7 sessions with a mixed group of children who solely access the provision and those that are in mainstream school that currently experience some difficulties managing their behaviour.

The programme was a huge success, which I put down to Trishan's positive engagement with the pupils and his calm manner. All the children listened to him and responded to his leading and engaged with the session. The sessions were well planned and complemented by the individual workbooks used.

The children are excited to be part of the sessions and look forward to sharing their targets and the progress they have made with relevant members of staff.

Trishan has just started a second block of 7 sessions with a new group of children from the East Schools
